

Lubeznik Center for the Arts (LCA) serves as a hub for arts and culture for the entire region. We strive to ensure that everyone in our community receives equal access to high quality cultural experiences. In order to accomplish this:

- We welcome everyone to visit world class exhibitions free of charge.
- Nearly 2,000 students per year visit our center for educational tours and onsite artmaking.
- We provide after school art education at 8 elementary schools, 2 middle schools and 1 high school. Programs include Literacy through the Arts, visual arts, dance and photography.
- In 2019, we will be working to expand our reach to new areas of La Porte County and further develop the relationships we have established in Porter County.
- We are currently in our 11th year of providing visual arts classes to adults with disabilities at no cost to participants.
- Scholarships are available to ensure cost is not a barrier for children who wish to participate in onsite art classes.

We depend upon your support to ignite the imagination of our community and invest in the development of our youth.
